

REPORT OF WATCHING LIVE TELECAST OF 'PARIKSHA PAR CHARCHA' AT JNV HAVERI

The staff and the students of JNV Haveri along with 23 students of Govt. High School Maharajpet joined with lakhs of students from across the country to watch the live telecast of 'Pariksha Par Charcha,' an interactive session held by the honourable Prime Minister Sri. Narendra Modi at Talkatora Stadium in the national capital.

Arrangements were made in advance to make available this telecast in two places. The boys, male teachers and students from neighbouring school viewed this programme in the dining hall. The girls along with lady teachers watched the programme in the girls' dormitory.

Prime Minister Modi interacted with student representatives from across the country and addressed their examination –related concerns and complimented them for being 'born politicians'. Before he took questions from the students he thanked his teachers for whom he is 'still a student'. In his interaction the PM asked the students not to compete with others, and advised parents not to put unnecessary pressure on their wards, Then he spoke about the importance of a balance between IQ and EQ, Learn to 'defocus' before you can focus, was another suggestion given by PM Modi. He spoke with many students and shared his mantras to help the students deal with the board and competitive exam stress.

The interactive session live telecasted lasted for 2 hours from 12.00 P.M to 2.00 P.M. The students found the programme very informative and useful as they are approaching their annual and board examinations. The students from the neighbouring school were grateful to JNV Haveri for providing such an opportunity to watch this unique programme. They told that the useful tips and mantras for facing exams discussed in the session will certainly help them to overcome fear and stress before or during exams. They are looking towards reading the book 'Exam Warriors' penned by the honourable PM. The interactive session came rather as a cool shower against a hot exam season ahead.
